

# Data Analysis Assignment 2

COMM 7370 | Spring 2026

In this assignment, we will replicate the data analysis from the publication below.

Droog, E., Burgers, C., van Huijstee, D., & Vermeulen, I. (2025). Laughing through the myths: Using satirical humor to counter misinformation about contraceptives on social media. *Health Communication*, 0(0), 1–12. <https://doi.org/10.1080/10410236.2025.2560034>

Find the journal article and download the data and codebook from OSF. Replicate the analysis following the article. Be sure to address all the research questions and hypotheses posed by the authors.
